

Crab Lines

June 2009

Vol. 50

Dear Friends of the Estuary,

WLAE in New Orleans is running Harvest to Restore again on Friday June 5th at 8:30pm CMT. Please let everyone know!

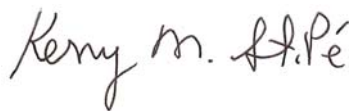

This re-broadcast is in large part thanks to Bruno Steiner, a concerned citizen, who saw the documentary and decided to produce his own show called Category Five/Wetlands Watch on WLAE. His show will run monthly, and Bruno hopes to keep the need to restore the wetlands in the forefront of viewer's minds as hurricane season starts. He's keenly aware that unless the citizens of SE Louisiana are informed and aware the motivation to implement change will never happen.

Here is a link to his show:

<http://categoryfivewetlandswatch.blogspot.com/2009/05/bruno-and-bob-on-greater-new-orleans.html#comment-form>

Harvest to Restore will air this Friday June 5th at 8:30pm, directly after Category Five/Wetlands Watch at 8pm.

Kind regards,

Kerry M. St. Pé
Program Director
